Valid Driver's License required for travel to job sites, client and vendor locations within the United States.

SECTION 5

Travel

Travel Requirement: This position requires 75%-100% travel within the United States of America, via air or road travel in a car, van or truck.

SECTION 6

Physical and Environmental Demands of the Position

The physical demands described here are representative of those that must be met

by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

The employee is frequently, up to 100% of the time, required to sit in a vehicle or at a computer workstation, use hands, reach with hands and arms, talk, and hear. The employee must occasionally stand, walk, climb or balance, stoop, kneel, crouch or crawl, and lift and/or move up to 50 pounds when evaluating, repairing and inspecting vehicle and system operations while on the road.

Specific vision abilities required by this job include the ability to adjust focus (the ability to adjust the eye to bring an object into sharp focus) and close vision (defined as clear vision at 20 inches or less). The employee is frequently, up to 100% of the time, required to have the additional specific vision abilities required by this job to include peripheral vision (defined as the ability to observe an area that can be seen up and down or to the left and right while eyes are fixed on a given point), depth perception (defined as three-dimensional vision, and the ability to judge distances and spatial relationships), and distance vision (defined as clear vision at 20 feet or more, respectively, all while driving a vehicle or being a passenger in a moving vehicle).

Work Environment

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

The employee is frequently, up to 100% of the time, working in a moving vehicle, either driving or operating data collection systems while being a passenger in a moving vehicle, and working in an environment with vibration on a regular basis. The employee will occasionally be working in outdoor conditions.

The noise level in the work environment is usually moderate.
